HOW OFTEN CAN I USE THE ULTIMATE BODY APPLICATOR?

We recommend you use a new Ultimate Body Applicator once every 72 hours. The formula in the Ultimate Body Applicator works progressively, giving you continual results for 72 hours after use. Each individual Applicator can only be used once and should be discarded after use.

HOW LONG SHOULD I LEAVE ON THE ULTIMATE BODY APPLICATOR?

If it is your first time using an Ultimate Body Applicator, we recommend that you only leave the Applicator on for 45 minutes to test your skin's sensitivity to the natural ingredients. For best results, use Defining Gel twice a day in between your Applicator uses.

CAN I WEAR THE ULTIMATE BODY APPLICATOR OVERNIGHT?

Just 45 minutes is all that is necessary, but if you prefer, you can sleep in it, though we do not recommend this if it is your first time using the Applicator.

CAN I USE MORE THAN ONE ULTIMATE BODY APPLICATOR AT A TIME?

Applicators are intended to be used on one area of the body at a time. The Ultimate Body Applicator targets the specific area where it is applied, so using one Applicator at a time on one area of the body will allow your body to better absorb the benefits of the product more effectively and, consequently, see the best results because its effects are being targeted to one specific area.

WHAT ABOUT FOR ARMS AND LEGS? IS IT OKAY TO WRAP THEM AT THE SAME TIME?

You may use two Applicators on areas such as the arms or legs (one on each arm/leg) in order to promote symmetrical results.

WHAT SIZE IS THE ULTIMATE BODY APPLICATOR?

Each Ultimate Body Applicator is approximately 13" x 21" and comes in a versatile shape that can be applied wherever you choose to see results, such as the stomach, sides, back, upper arms, thighs, or lower legs.

HOW MUCH WATER SHOULD I DRINK WHEN I USE THE ULTIMATE BODY APPLICATOR?

We recommend that you drink up to half of your body weight (in pounds) in fluid ounces of water daily. Staying hydrated is key to helping you see maximum results with the Ultimate Body Applicator.

HOW DOES THE ULTIMATE BODY APPLICATOR WORK?

While many body wraps simply cause water loss, the Ultimate Body Applicator uses a botanically based cream formula that, when applied to the skin, gives you tightening, toning, and firming results that last. The botanical ingredients help to deeply hydrate and nourish the skin while reducing the appearance of cellulite and redefining the appearance of your body's contours. Some of these cutting edge ingredients work to give you visible results in just 45 minutes, while other ingredients in the formula continue to work over the next 72 hours, leading to progressive results.

HOW LONG DO THE RESULTS FROM THE ULTIMATE BODY APPLICATOR LAST?

While results from the Ultimate Body Applicator are lasting, you can counteract the results from the Ultimate Body Applicator by eating poorly and not regularly exercising (as is true with any weight loss or body contouring results). Applying Defining Gel, which can help improve skin's texture and tightness, between Body Applicator uses can help ensure that you maximize and maintain your results from the Ultimate Body Applicator.

CAN ANYONE USE THE ULTIMATE BODY APPLICATOR?

The Ultimate Body Applicators are formulated for adults. They are not recommended for children. While our products are safe and effective, we do not recommend that pregnant or nursing moms use the Ultimate Body Applicator.

IF I HAVE PERSONAL MEDICAL ISSUES OR I AM TAKING MEDICATIONS, CAN I USE THE ULTIMATE BODY APPLICATOR?

If you have a medical condition, health concern, or are taking prescription medication, we strongly recommend that you print off this document, which includes a list of ingredients, and consult with your physician.

I USED AN APPLICATOR AND HAVE BROKEN OUT IN A RASH ON THE SAME AREA I WRAPPED. IS THIS COMMON?

Occasionally, some people develop a temporary rash after using the Ultimate Body Applicator. Continue drinking up to half of your body weight (in pounds) in fluid ounces of water daily. See your physician if the rash persists.

IS THERE AN EXPIRATION DATE ON THE ULTIMATE BODY APPLICATOR?

The Ultimate Body Applicator has a one-year shelf life within its individual sealed pouches. Once the sealed pouch of an individual Ultimate Body Applicator is opened, it must be used immediately. This ensures maximum effectiveness of the naturally based formula and that the cloth wrap is moist and saturated when you apply it.
